EIMA Names New Manager of Technical and Regulatory Affairs

Falls Church, Va., April 14, 2016— The EIFS Industry Members Association (EIMA) has announced the hire of Dustin Antonello to the position of manager of technical and regulatory affairs. Antonello’s role is effective immediately and he will be based in EIMA’s office in Falls Church, VA.

“It is a real pleasure to welcome Dustin, who most recently spent 2 years with the American Waterways Operators and before that over four years at Underwriters Laboratories” says David Johnston, executive director of the EIFS Industry Members Association (EIMA). “Dustin brings a wealth of experience to EIMA, which further expands the already growing list of services the association offers.”

As EIMA’s manager of technical and regulatory affairs, Antonello will monitor the codes, standards, and regulatory initiatives; advocate for the Association’s positions before different agencies, code bodies, and industry stakeholders; and analyze the potential effect of codes and standards on the EIFS industry.

Founded in 1981, the EIFS Industry Members Association (EIMA) is a national non-profit technical trade association comprised of leading manufacturers, suppliers, distributors and applicators involved in the exterior insulation and finish systems (EIFS) industry.
